BREWER TALKS ON GRAFT.

The Justice Predicts a Great Benefit to Life Insurance Business.

Justice David J. Brewer, of the United States Supreme Court, delivered an address before a large audience of life insurance men, at Milwaukee, Wis. He devoted most of his talk to modern graft, and praised Prestdent Roosevelt for his efforts to make public affairs pure and honest.

This had been a year which might be characterized as one of great in-surance upheaval. he said. The press had been full of startling allegations in respect to the manner in which some insurance business had been conducted. The result had been prejudicial to the interests of certain companies and also to the business of others. He believed there would result great benefit to insurance business throughout the world.

The moment private pecuniary gain was sought through the advantage of any trust some one was guilty of grafting, the Justice said:

"There was never a truer saying than that by Grover Cleveland," continued Justice Brewer, "that a public office is a public trust. There is today so much grafting going on among public officials as to startle us. I am not speaking now about the coarser kind of grafting, such as buying votes and paying money, which we all condemn. I have reference to the more insidious ways by which a public officer prostitutes in one way or another that office for his own or the gain of his friends.

"Take the President of the United States. Along last winter Santo Domingo put itself on a financial footing. Suppose the President had acted secretly and advised his friends to buy up Santa Domingo bonds. Would not that shock the people of the country? Yet the government would lose nothing and some would be private gainers. Suppose the United States Supreme Court Justices would give out information in advance of certain decisions. Would you not revolt at such a transacation? It would be unworthy; this would be grafting."

He said the giving out of cotton statistics was of a similar nature. He likened Andrew Jackson's honesty to Roosevelt's, and said:

"And it seems as if I could hear falling from the lips of Theodore Roosevelt the words: 'Public affairs must and shall be pure and honest." -New York Times.

Motor Cars and Dust.

After experiments with the motor car which he uses daily, the chief surveyor of Essex finds that at a speed not exceeding ten miles an hour a motor car creates comparatively little dust upen a properly made road, but at fifteen to twenty miles an hour, especially with heavy cars, the nui-sance is intolerable. The expense of treating the main roads of the country outside the urban districts with tar macadam would be £1,611,000 .-

QUITE HOPELESS.

"Dear pop," wrote the boy from the art school, "don't send me any more money—I have saved half that which

you sent me last month."
"Come home," wired the old man,
'yon'll never make an artist."—Puck.

LOST 72 POUNDS.

Was Fast Drifting Into the Fatal Stages of Kidney Stekness.

Dr. Melvin M. Page, Page Optical Co., Erie, Pa., writes: "Taking too many iced drinks in New York in 1895 sent me home with

a terrible attack of kidney trouble. had acute congestion, sharp pain in the back, headaches and attacks of dizziness. My eyes gave out, and with the languor and sleeplessness of the disease upon me I

wasted from 194 to 122 pounds. At the time I started using Doan's Kidney Pills an abscess was forming on my right kidney. The trouble was quickly checked, however, and the treatment cured me, so that I have been well since 1896 and weigh 188 pounds."

FOOLING THE MOON MAN. As they sat out on the old lawn she looked away to the summer

"Wouldn't it be nice,' she ventur-

ed, "If the skies were ever clear?"
"Of course not," replied the roman-tic young man. "What chance would tic young man. Cupid have if there were not clouds to hide the moon man's face occasionally?"

And the maiden blushed and said she did not care if the whole sky was overcast.-Chicago News.

Got the Waiter's Number.

They're telling a story on a waiter in the German garden at Electric Park. At intervals around the garden are nailed signs which read: "Get your waiter's number when ordering." One night recently a man sat down at a table and ordered a glass of lemonade. The waiter was about to start away when the customer said:

"Hey, gimme that badge you got

The waiter removed the steel badge and handed it to the man, supposing the latter simply wanted to see it. He soon returned with the lemonade. When he had got his money and the badge back the farmer said:

"Say, friend, what did I have to get that badge from you for?"
"Have to get it—what do you

mean?" asked the waiter.
"Look a-there!" replied the man

pointing to one of the signs. The waiter then realized why the customer had asked for his badge. Kansas City Times.

Yellow Fever and Malaria Germs

Are instantly killed by the use of six drops of Sloan's Liniment on a teaspoonful of sugar. It is also an excellent antiseptic. The fisheries of Japan annually yield about 3,000,000 tons of fish.

A Frame House 100 Years Old.

A Frame House 100 Years Old.

A frame house can be kept in good order for a hundred years, if painted with the Longman & Martinez L. & M. Paint. It won't need to be painted more than once in ten to fifteen years because the L. & M. Zinc hardens the L. & M. White Lead, and gives it enormous life.

Four gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg Block with L. & M.; stands out as though varnished."

Wears and covers like gold.

Sold everywhere and by Longman & Martinez, New York. Paint Makers for Fifty Years.

A serum for hay fever is used by physicians in the Island of Heligoland.

RAW ITCHING ECZEMA

Biotches on Hands, Ears and Ankles For Three Years—Instant Relief and Speedy Cure by Cutteurs.

"Thanks to Cuticura I am now rid "Thanks to Cuticura 1 am now rid of that fearful pest, weeping eczema, for the first time in three years. It first appeared on my hand, a little pimple, growing into several blotches, and then on my ears and ankles. They were exceedingly painful, itching, and always raw. After the first day's treatment with Cuticura Soap, Ointment and Pills, there was very little of the burning and itching, and the cure now seems to be complete. (Signed) S. B. Hege, Passenger Agent B. & O. R. R., Washington, D. C."

Kunzite the New Jewel.

Kunzite is a new, semi-precious mauve stone and a novelty in jewelry. There are zirsons that look like brown diamonds, and many varieties of green stones, including apple-green chrysophase, peri, tourmalines and olivines, pink sapphires, white topazes, Labador, jade and onyx, all of which are being made up in the most artistic fashion. Strangest of all, however, is the water stone of Uruguay; it is semitransparent and white and in its center is water that moves about as the stone is moved. The fashion of wearing inexpensive colored beads, imitations of semi-precious stones, or with no pretense of imitating anything, is an artistic fad. There are both round and oval lilac and heliotrope beads of neckla te length that are pretty with mauve gowns, and green ones for green gowns, and so on. A white lace or mull blouse over a lilac skirt and coat and hat trimmed with lilacs is enhanced by a short string of lilac-hued crystal beads. For those who object to imitations of jewels, but who haven't the money for the costly real articles, real amber and coral and gold beads can be procured at low prices.-Philadelphia Record.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many. Dread Diseases-Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near

women as it draws near is not without reason.
Every woman who neglects the care of her health at this time invites disease and pain.
When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make vous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symp-toms as seuse of suffo-cation, hot flashes, headcation, hot flashes, headaches backaches, dread
of impending evil, timidity, sounds in the ears,
palpitation of the heart,
sparks before the eyes,
irregularities, constipation, variable appetite,
weakness and inquietude, and ilzziness, are
promptly heeded by intelligent women who are
approaching the period

telligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women

It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrss Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge

of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Hinkle:
Dear Mrs. Pinkham:—
"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous.

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as your directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chestertown Md.

Another Woman's Case.
